Subject: Itinerary

This material is distributed by Park Strategies, LLC on behalf of the Taipei Economic and Cultural Representative Office in the United States. Additional information is available at the Department of Justice, Washington, D.C.

Jon,

Assuming he won't be trapped in D.C. next week because of votes, can you please share with us a copy of Congressman Owens's Taiwan itinerary? We'd like to explore possibilities of introducing him to Taiwan Semiconductor Manufacturing Corporation (TSMC) Senior Vice President and General Counsel Dr. Richard Thurston while he's there. Please see Dr. Thurston's bio and 2001 hiring announcement below.

And by copy of this e-mail, I'm requesting that my colleague, John Zagame, send you the very latest on TSMC and the Marcy site.

As you know, Park Strategies, LLC, Senator D'Amato and I are registered with the U.S. Department of Justice, under the Foreign Agents Registration Act, as agents on behalf of our client, the Taipei Economic and Cultural Representative Office (TECRO) in the United States.

Thanks, John.

Merry Christmas,
Sean King

Dr. Richard Thurston
Senior Vice President and General Counsel

<http://www.tsmc.com/tsmcdotcom/PRListingNewsArchivesAction.do?action=detail&newsid=1058&language=E>

Education:

J.D. Rutgers School of Law, State University of New Jersey, USA Ph. D., History, University of Virginia, USA

Experience:

Vice President and General Counsel, TSMC Partner, Haynes Boone, LLP Vice President Corporate Staff, Assistant General Counsel, Texas Instruments Incorporated Dr. Richard Thurston is Senior Vice President and General Counsel of TSMC and is responsible for legal and intellectual property management. Dr. Thurston is famous for his global experience in commercial, technology and international law.

Prior to joining TSMC, Dr. Thurston was a Partner at Kelt Capital Partners, LP, and a member of Haynes and Boone. His practice covered general corporate matters, technology-related transactions, mergers and acquisitions, joint ventures and divestitures, venture capital investments, foreign trade and investment, and the global protection of intellectual property rights.

Before Dr. Thurston joined Haynes and Boone, he served as the Regional Counsel, Asia Pacific and Vice President, Corporate Staff, and Assistant General Counsel for 12 years at Texas Instruments, where he was responsible for legal and M&A activities throughout the Asia Pacific region.

Dr. Thurston graduated Cum Laude with a B.A. degree in History from Alma College, and an M.A. degree and a Ph.D. degree in East Asian Studies from University of Virginia. He received a J.D. degree from Rutgers School of Law. Dr. Thurston also studied R.O.C. Law at Soochow University

Your timing is impeccable, check the time stamp. Literally just got it in my hands.

They don't think the TSMC piece is going to work, but if you know otherwise we would be thrilled to make that happen. If for some reason it doesn't work, perhaps we can get a call set up during or after the trip. See below, let me know what you think.

Hi Jon,

I attached the file in this email, but in case you have problem open it, I also pasted it as below. Please let me know if you have any questions. Unfortunately, TSMC senior level staff are on vacation because it is the end of the year, therefore my colleague in Taipei is unable to set up a meeting at TSMC. We apologize for that.

Sincerely,
Li-Chih

Hey Jon,

Thanks for the email and please forgive my late response. I did call MOFA Taiwan last night and tell them to send me the schedules. My colleague said everything is set up, but my bosses are reviewing the whole itinerary- they value Congressman's visit very highly. I will call Taipei tonight again and see if they can expedite.

I will let my colleagues know about Congressman's possible meetings on Saturday too.

Talk to you soon,
Li-Chih

Subject: Schedule

Hi Li-Chih, hope you had a nice weekend. I just got off the phone with the ethics committee and they are almost done with our file, except that they need a complete itinerary with times for what the Congressman is doing, including times for when meetings might occur. Do you think that's something we can get them by tomorrow? That's really when they need it to complete their work.

If it helps at all, I believe the Congressman is going to try and fit 2 meetings into that final day separate from the schedule you all put together for him, so I would think the earlier he can leave his hotel for the Port event, the better.

Thanks as always! We'll talk soon. -Jon

Subject: RE: Schedule

Sean & Jon --

Regarding possible TSMC meeting in Taiwan during Congressman Owens visit, we would very much like to make that happen for the Congressman. TSMC is vitally invested -- both financially and professionally -- in the SEMATECH advanced microchip research taking place at SUNY Albany's Nanotech Center.

TSMC officials have visited the Mohawk Valley EDGE Marcy site being developed by EDGE for a computer chip fabrication plant, and EDGE officials traveled to Taiwan earlier this year to make the case for the Marcy site. Governor Cuomo recently weighed in with a letter to President Obama asking the Administration to expedite federal decision-making affecting the site.

Bottom line is that the Marcy site is being made shovel ready for a chip fab plant, and is recognized by site selectors for such plants as one of the best in the US due to its location near reliable power and water resources, as well as its proximity to high tech engineering colleges.

A visit by Congressman Owens expressing the unified support of the area Congressional delegation behind this important project, and their willingness to help make it happen, will help impress on TSMC the seriousness of New York's commitment to EDGE's effort to attract TSMC to the site.

EDGE is preparing a TSMC briefing paper for Congressman Owens Taiwan visit if this this meeting can be added to his schedule.
